SELECTION GUIDE

PRODUCT SPECIFICATIONS	CODE		APPLICATIONS & CABLE TYPE
17.5 / 16mm / 70mm	CP2	1-2 Power Cables	• Ideal for offices, boardrooms and computer rooms • Comfortably protects a network data cable, phone cable and standard power cable (one of each) • Available cut to length, (min. 2m) or in 10m rolls
19mm / 20mm / 90mm	CP3	3-4 Power Cables	• Ideal for offices, boardrooms and computer rooms • Comfortably protects a network data cable, phone cable and standard power cable (multiples of each) • Available cut to length, (min. 2m) or in 10m rolls
23mm / 17.5mm / 26mm / 120mm	CP4	4-5 Power Cables	• Ideal for offices, warehouses and factories • Comfortably protects multiple network data, phone and power cables, 3 phase cables, compressed airlines and water hoses • Available cut to length, (min. 2m) or in 10m rolls
20mm / 30mm / 150mm	CP5	4-8 Power Cables and/or Hoses	• Ideal for warehouse, factory and external applications • Trafficable (light traffic only) • Comfortably fits two 3-phase power cables or two compressed airlines • Available cut to length, (min. 2m) or in 10m rolls
38mm / 12.5 / 48mm / 150mm	CP6	4-5 Power Cables and/or Hoses	• Ideal for warehouse, factory and external applications • Ideal for protection of hoses • Trafficable with min. compression (light traffic only) • Available cut to length, (min. 2m) or in 10m rolls • Cable or hose inserted from underneath
13mm / 40mm / 20mm / 135mm	CP12	4-5 Power Cables	• Dropover cable protector, checker plate design in black or yellow • Ideal for office and pedestrian applications • Simply drop over top of cables • Tread plate surface for anti-slip • Available in 1 metre inter-locking lengths
27mm / 105mm / 35mm / 275mm	CP13	8-10 Power Cables	• Dropover cable protector • Checker tread plate surface for anti-slip • Office and pedestrian applications • Simply drop over top of cables • Available in 1 metre inter-locking lengths.

35mm / 35mm / 50mm / 300mm
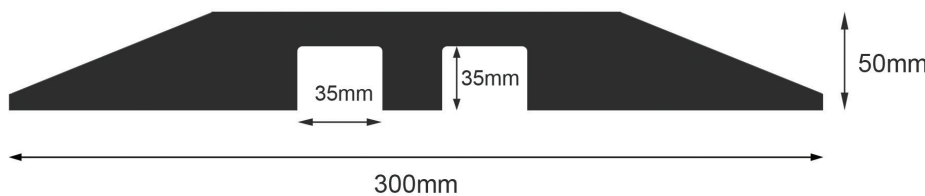

CPDROP2 - 18-20 Power Cables
• Dropover cable protector
• Checker tread plate surface for anti-slip
• Pedestrian & light vehicle applications
• Moulded carrying handle
• Available in 1 metre inter-locking lengths

35mm / 35mm / 50mm / 300mm
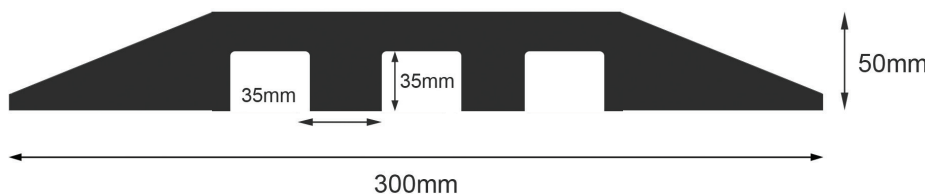

CPDROP3 - 26-30 Power Cables
• Dropover cable protector
• Checker tread plate surface for anti-slip
• Pedestrian & light vehicle applications
• Moulded carrying handle
• Available in 1 metre inter-locking lengths
